We do frequently walk along the swift in Bondsville. Those trails are safe, clean and easy to navigate. I'd love to see or learn about access to other rivers in our town. The railroads are so important in Palmer! I'd love to see the retired railways used in a new way. On Aquidneck Island in RI you can have a railway experience through the company Railway Explorers, using pedal powered rail bikes! What an amazing way to have an outdoor adventure and utilize the old rails! I love the farm, fields and mountains off of route 67 in Palmer.	6/7/2021 11:21 PM

1	There should be a really nice dog park.	8/10/2021 1:58 PM
2	I would like to see Palmer's great resources preserved. We have plenty of large solar panel fields. I would like to see a stop to the large fields. Burleigh park was once a great place to take my children, the trails and fields are great. Where is the playground equipment? We used to play in that brook, but it's very overgrown now with little access. The buildings are being misused, the pavilion has holes in the roof. The little building has holes kicked in the wall and the trash is piling up. Looks like a homeless person is or was staying in it.	8/10/2021 1:14 PM
3	Please save our space!!! Thank you for what you do!	8/10/2021 1:05 PM
4	I don't know many of the locations. It would be nice to have an updated booklet listing all activities with directions & restrictions. It would be beneficial to have an activity for the whole community. All four seasons of the year.	8/10/2021 12:59 PM
5	Maps with the hiking trails available at the post office, town hall and library. Also better info on what is available to use in this town like where swimming is available and hours. A pamphlet on the town to hand out. Improvements are great, but you need to know what is available. Perhaps a section on the town of Palmer website.	8/10/2021 12:21 PM
6	-Disc golf would be awesome. -Need an athletic park maintained as well. -Lots of options to play a variety of sports.	8/9/2021 2:47 PM
7	There needs to be a moratorium on multiunit condo housing projects. These do not belong in established single family neighborhoods. Property values drop next to subsidized housing. People move to single family areas to get away from the noise and traffic multi-units generate.	8/9/2021 2:39 PM
8	The Palmer Motorsports park has been a big disappointment for me. It had the potential for great entertainment and job opportunity for service people. Alas it was structured as a play place for people on the top tier of society. This is wrong and needs to be fixed.	8/9/2021 2:31 PM
9	More access to information about all the recreational areas and where they are, are they kept up, where can you access them?	8/9/2021 2:14 PM
10	-Open Palmer High School Pool. -More advertising needed to promote sites to access them. - Access to Colonel Mountain/Lake Thompson are private also St. Joe's. -Chase Park is totally underused. -Bring back Little Girls softball league.	8/9/2021 1:48 PM
11	Community Preservation Act is critical to move forward with most of these programs!	8/9/2021 1:38 PM
12	-Invest in a good recreation director (we lost a good one) -Invest in a good conservation leader (I hope Sarah proves herself) -Use funds for activities, not new studies. -Survey is too long for most people and most people do not even know it exists! Sorry.	8/9/2021 1:32 PM
13	Palmer has a lot of opportunities to offer more open space and recreational programming for residents, especially younger kids. One idea I hear often is the need for a skate park. The town should look at that as a future possibility.	8/9/2021 1:20 PM
14	Here's an idea, clean up this town. No one wants to move here. This town has nothing but run down homes and blight. We have tons of homes with no parking, so everyone parks on the sidewalks. Police take notice. This town has lots its pride in home ownership. Out of town rental owners would never pass inspection in any other town. The town manager has done nothing. Let's start there. Get of your.....and do something.	8/9/2021 1:12 PM
15	I would be most interested in public access to the Pool in Palmer HS. However, I would also be interested in a reduced rate program for Palmer residents to use the Scantic Y in Wilbraham	7/16/2021 11:37 PM

if that is possible. However, it would be exciting for more events to be present in Palmer to promote businesses, artists, etc.

34	Please put fencing around the park in Three Rivers. I know the playgroup and preschool would love to use it more for meetups, but they need it to be fenced. Also, the soccer fields at Laviolette field really need to be kept up better. I know kids that have gotten hurt because of the splotchyness of the grass. They need to be better maintained. Burleigh park baseball fields also need to be kept up better by the town and not members of the baseball league.	6/23/2021 9:29 PM
35	Not only is saving and improving the areas important, but MAINTAINING them is crucial. Citizens shouldn't have to mow fields for baseball games at Burleigh Park to happen. It's a travesty that the town has let it get to this point.	6/23/2021 9:28 PM

41	The girls facilities, fields and grounds provided to them for sports should get just as much attention and funding as the boys teams. The softball fields at Burleigh..Legion... are a disgrace...and they don't have dugouts. Need to be supportive of both girls and boys equally. It's long overdue. Palmer can do better.	6/23/2021 3:58 PM

51	After coaching youth sports for over 10 years I can unfortunately say that this town dose very little to support the groups that keep youth sports going in Palmer. It's sad to see what little support the town gives to the youth outside of the school. When volunteer coaches have to take time off year after year to get fields ready to be playable for the season because the town just hands out empty promises there is a real problem.	6/23/2021 8:58 AM

69	Fix Laviolette field, there are holes, and rocks and stone all over the playing surface, and stop putting so much money to Legion field, where most residents can't use due to dave hanzel saying we can't use	6/22/2021 9:59 PM
70	I would like to see more open space developed for family use and to draw families to Palmer thereby people using the restaraunts and stores in town. I want to see the open space we have be better taken care of and not just turned into huge fields of weeds. The new parks we have for childern are weed covered. I also feel we need more surveillance whether it be cameras or not to deter vandalism. Case in point the disgusting drawings and vandalism in Bondsville at the gazebo.	6/22/2021 9:43 PM

72	More money for conservation!	6/22/2021 6:26 PM
73	Get rid of the Seasonal Cottage Ordinance which currently applies to all parts of town that are zoned rural. This kind of development should never have been allowed at Forest Lake.	6/21/2021 9:09 PM

75	We have an amazing asset with our rivers but limited access and limited amenities surrounding them!	6/9/2021 7:32 PM
76	The impact of new construction must be evaluated. This includes solar plants. The open feeling of life in Palmer must not be lost.	6/9/2021 10:02 AM
77	There isn't anywhere for families to go and swim. The town is truly missing out on the opportunity to charge fees for summer passes while families are missing out on the chance to be have somewhere clean and safe to go within town to swim.	6/9/2021 6:26 AM
78	Everyone should have access to Forest lake, no private beach, fix the field at Laviolette, the playing surface is terrible. Take money from Legion(where not all town residents have access) and put that to Laviolette where tons of kids have access	6/9/2021 5:53 AM
79	The river question should have allowed for multiple answers (eg walking/ Fishing/picnics); open space improves a communities ability to attract new families and visitors and obtain potential funding from the State. It's needed.	6/9/2021 3:40 AM
80	I think the planning board should be more involved with the community in person and the areas with conservation before making ANY decisions.	6/9/2021 3:19 AM
81	I feel like I never know what's happening in Palmer until it's too late. I wish the town would communicate to the residence better. This should probably start with the town web page. It's actually a disgrace. No one updates ANYTHING. Palmer needs to catch up with the times.	6/8/2021 10:55 PM

83	I would like to see our small town preserve what we have. DEFINITELY add an actual designated building or large space for a functioning recreation department with humans running it that are easily accessible to the public.	6/8/2021 10:01 PM
84	Town resident parking spaces at Forest lake. Cost of residential passes would provide specific #resident parking spaces and help defray the cost of Sani-can maintenance and maybe a trash container balance of marked parking spaces would be open public.	6/8/2021 9:35 PM
85	Palmer would benefit from a full scale rec department and facilities to support it, as well as open space and rec opportunities that are well maintained and that offers activities that are well marketed to its citizens. I know so many parents that take their families and kids to other towns for sports, day camps, swimming, and outdoor family activities. They pay for these services, in addition to random things like lunch, quick shopping, etc... when they are in the other towns. I am confident people would use these services if they were in Palmer.	6/8/2021 3:18 PM

87	Thank you for requesting community input! There are so many people that care about our town. It's been wonderful to see positive changes and growth over the past few years. A community Rec center would be a welcomed addition to our town along with bringing back	6/7/2021 11:21 PM

Palmer Open Space and Recreation Plan Survey

summer day camp at Burleigh Park. 😊. Check out the Railway Explorers...it would be worth looking into whether they would be interested in adding another location in our town!

88	Invest in kayak launch on the Ware River, clean up in the Ware River and invest in the bike trail that is a part of the Mass Central Rail Trail.	6/7/2021 9:38 PM
