

MPIC Minutes for May 27th, 2024

Attendance: Dave Golden, Amber Kumpulanian (Chair), Patience Hartley, Nick Zeo

Absent: Jessica Sizer

Meeting began at 6:04pm- moved to Palmer Police station

The committee accepted the minutes from April.

Amber suggested that with the summer months they reprioritize who they speak to so that they can have time to prepare for the Town Council presentation. They all agreed a Storm Water Coordinator is a top priority.

Nick Zeo gave an update about the Barker Street property and how that is moving along.

Dave Golden reported about the East West Rail Steering Committee. He said VHB was working with them and they have site visits planned for August/September of this year.

Patience suggested they create an annual report to have published. All members agreed and decided to work on it at the next meeting if Superintendent Francis could not join us for the June meeting. Amber said she would look into how other towns do theirs.

The committee agreed that the departments they need to speak with are school, planning board, DPW, police, fire, and board of health.

The committee agreed to meet on June 12th

The meeting ended at 6:59pm
