

MPIC Minutes for August 9th, 2023

Attendance: Dave Golden, Amber Kumpulanian (Chair), Nick Zeo, Patience Hartley

Meeting began at 6:03pm

The committee accepted the minutes from 7/19 with the changes discussed

Amber went over the latest contacts from Bondsville Water- stating that they are having a report done and will forward that to the MPIC.

Matt Morse of DPW would like a phone interview. Amber will work on setting that up.

The committee discussed the need for them to have a standing appointment with the Town Council. Something that is more permanent and that can allow everyone to prepare. Amber will reach out to Ryan to discuss this further.

The committee decided that going forward they need a new chart structure that will lead with the recommendations. That way the Town Council will see clear objectives they can work on.

The committee ended by going over what needed to be done before the next meeting. Dave would work on the DPW chart. Amber will turn Tim's sheet into a chart.

The meeting ended at 7:34pm.
