

## ***MPIC Minutes October 26th, 2022***

**Members Present: Timothy Cienciwa (Chair), Michael Dee (Vice Chair), Dave Golden, Nick Zeo, Amber Kumpulanian (secretary)**

**Absent: Mark Caci**

Amber reported on information from the Historical Commission including an email from the Massachusetts Historical Commission which outlined the plans and next steps for Palmer's survey.

The committee looked at the goals that aligned with the historical survey in preparation for the Historical Commission to join them on November 16th.

Timothy went over his discussions with Ryan in preparation for the next department which is the water boards. Timothy went over several questions and also looked at the goals from the Master Plan.

Timothy informed the committee that the town manager received a survey asking about municipalities with special districts such as Palmer with its separate water boards. He will get back to the committee with more information on that survey.

The committee reaffirmed that they are looking for departments to share their goals and visions and to see how they align with the Master Plan. The committee would also like to serve as a way to help departments with potential roadblocks when it comes to putting these goals and plans into action.

Due to the several different water boards, the committee agreed to work on contacting them. Timothy will be working on getting the water boards contacted.

Nick offered to contact Andrew St. George, Recreation Department, to see if he would also like to join us for a meeting soon.

The committee agreed to meet again November 2nd, 2022 at 6pm.

The meeting adjourned at 6:52pm
