

**Town of Palmer
Sealer of Weights and Measures
Inspection Fee Schedule**

Scale fees:

\$20 per scale under 100 pounds

\$25 per scale 100 to 5000 pounds

\$50 per scale over 5000 to 10,000 pounds

\$100 per drive on over 10,000 pounds

Pump fees:

\$25 per liquid meter diesel pump

\$25 per liquid meter gasoline pump per gas grade

\$20 per liquid meter oil/grease pump

Scanner/register fees:

\$75 less than four registers/terminals

\$150 four to eleven registers/terminals

\$250 more than eleven registers/terminals

(If the register also has a scale both the register and scale fee will apply)

Linear Measure:

\$5 for tapes, yardsticks, cordage/wire dispenser, etc.

Reverse Vending Machine (Can/bottle return machine):

\$20 per machine

Oil and Propane Trucks:

The town does not have the certified testing equipment to inspect these trucks. All vehicles delivering fuel/propane in the town must have an inspected and sealed pump. These vehicles can be inspected in any city that has inspection equipment. There will be random inspections of these vehicles to assure compliance with all State Laws.

Retesting of equipment after adjustment/replacement/repair will have the same fee as the initial testing.

Scales and measures for use by the customer to obtain information and not for pricing purposes must be clearly marked as such by the company or the unit must be inspected and sealed by the sealer if the device is sealable.
